## WORK EXPERIENCE

### Mark43

Frontend Engineer

Aug 2021 - Mar 2024

- Developed a complex traffic crash form and configured it to meet all requirements requested by Massachusetts Registry of Motor Vehicles and Boston PD, which raised the ARR with the client
- Led the refactoring project to stabilize the app via higher test coverage and tighter type safety resulting in customer satisfaction and less bugs
- Contributed towards the completion of multiple projects across teams

### Scentroid (IDES Canada Inc.)

Frontend Engineer

Jun 2019 - Jul 2021

- Developed a frontend part of the web app for Scentroid Inc. customers to store and analyze air pollution data collected by their drones
- Enhanced the apps functionality to analyze the data to identify sources and location of air pollution, securing the new client for the company

## EDUCATION

### Seneca College

Computer Programming Diploma - 3.5 GPA

Dec 2020
